MAY 25	<p>FEATURING BRITTANY WALKER</p> <p>Brittany Jean is an Americana singer/songwriter in the Pacific Northwest, currently living in the tiny, apple town of Brewster, WA. Brittany has released three albums—all professionally recorded at Hilltop Recording Studios in Nashville, TN, and her third album (“Wander With Me”) was released on January 18, 2018.</p>
JUNE 1	<p>FEATURING PAT COAST</p> <p>Pat Coast is a Northwest native and a serious student of blues guitar. Though proficient in many genres, including rock and roots rock, R&B, funk, country and acoustic finger style guitar, Pat’s first love remains the blues, which he began learning at age 14 with some old T-Bone Walker and B.B. King records.</p>
JUNE 15	<p>FEATURING JENNAN OAKS</p> <p>If smokey jazz vocals are among your playlist favorites, you won’t want to miss the Jennan Oaks Trio. Backed by Alex Krupla on the upright bass, and Dustin Sikstrom on the saxophone, this trio features original music by Jennan Oaks. They also play a wide variety of covers from artists like Frank Sinatra, Astrud Gilberto, Melody Gardot, Madeleine Peyroux, Big Bad Voodoo Daddy’s, Imelda May, and more.</p>
JULY 6	<p>FEATURING NICK CANGER</p> <p>Country music these days has been flooded with young men and women alike that are all aspiring to be the next George Strait or Reba. With so many newcomers on the radio its hard to distinguish one from the other at times. There has been a need and a want from listeners recently to hear something different, someone that’s not so “pop-country.” Look no further!</p>
JULY 20	<p>FEATURING MIKE BILLS</p> <p>Mike Bills started playing guitar in the early 1990’s while in high school. He played through college in several bands, the longest running of which was called Side B, based in Missoula, MT. He now lives in Wenatchee, WA; where he performs mostly solo shows. Mike’s musical tastes range from jazz to pop; delta blues to country; reggae to funk. Bills is fun to listen to and is sure to put a smile on your face!</p>
AUG 3	<p>FEATURING DARIN HILDERBRAND</p> <p>Darin is an accomplished musician, a powerful vocalist, and a prolific songwriter, with a full list of eclectic, original material. His lyrics range from deeply inspirational and thought-provoking to just plain silly. Darin has a warm and appealing stage presence, a gifted sense of humor, and a knack for meaningful interaction with his audience.</p>
AUG 18	<p>FEATURING MICHAEL POWERS</p> <p>Michael Powers’ music seamlessly and simultaneously honors the past, celebrates the present, and fearlessly reaches into the future! “It’s hard to categorize my music, although it usually ends up in the Jazz record bins,” says Michael. “If I had to put a label on it, I would call it contemporary instrumental music. It’s a sound rooted in the Jazz tradition that keeps pace stylistically with Pop, R&B, and Blues; with Blues being at the core of my inspiration.”</p>
SEPT 7	<p>FEATURING PAT COAST</p> <p>Pat Coast is a Northwest native and a serious student of blues guitar. Though proficient in many genres, including rock and roots rock, R&B, funk, country and acoustic finger style guitar, Pat’s first love remains the blues, which he began learning at age 14 with some old T-Bone Walker and B.B. King records.</p>
